

Changing Your Password

Your Password can be accessed in your Profile. You will find a link to your Profile near the top of your Home page and can also find a link under the Help menu.

1. On the Home page, click **My Profile**

2. From your Profile Page, click the Edit button to the right of the Login Info.

3. Click [reset](#).

4. The screen will change to allow you to enter and confirm the new password. Your new password must meet the following complexity rules:
 - a. At least 8 characters long
 - b. Include a capital letter
 - c. Include a lower-case letter
 - d. Include a number
 - e. Include a special character (e.g. \$, %, #)
