

THIS CIVICS EDUCATION PROJECT IS FOR YOU

Under the leadership of Chief Judge Jennifer Elrod, this Civics Education Project informs you about the Fifth Circuit, your role in the federal judiciary, and encourages your participation in outreach initiatives in all federal courts across Louisiana, Mississippi, and Texas.

The Civics Education Project website is a hub of educational information about the courts.

The site is divided into seven sections: Civics Education, Civics Events, Federal Judiciary, Court Operations, Court History, Educational Resources, and Courts and Bars. Each section contains topic-specific buttons that open to a PDF or a website.

Use and share the content on this website to learn about the court and the ways you can take part as an informed and empowered citizen.
